1. In Remark 2.2 on page 107, replace \( \mathbb{Z}[\sqrt{4D}] = \mathbb{Z}[\sqrt{D}] \) by \( \mathcal{O}_D = \mathbb{Z}[\sqrt{d}] \). Throughout there has been notational imprecision of this kind. Below we note the typo corrections necessary to remedy this situation.

2. Throughout the paper, replace all occurrences of:
   (a) \( \mathbb{Z}[\sqrt{4c}] \) by \( \mathbb{Z}[\sqrt{c}] \).
   (b) \( \mathbb{Z}[\sqrt{4c}] \) by \( \mathbb{Z}[\sqrt{c}] \).
   (c) \( \ell(\sqrt{4c}) \) by \( \ell(\sqrt{c}) \).
   (d) \( \mathbb{Z}[\sqrt{p^2c}] \) by \( \mathbb{Z}[\sqrt{c}] \).
