

アビ・オビスポ

Abby Obispo

専門: 生物学

Major: Biological Science

副専攻: 日本語

Minor: Japanese

好きな事: 私の家族、本を読む、

Likes: My family, reading,

えをかく、スキーをする、スノボする

drawing, snowboarding, skiing, ice

おいしい食べ物を食べる

skating, rollerblading, board

games, eating delicious food,

trying new things, shopping,

clothes, and hiking

I'm really excited to go to Japan. I want to go sightseeing, go shopping, and try lots of new food. However, I'm a really shy person and whenever I have to do a presentation I get really nervous. I'm really scared but I hope I can speak Japanese more and improve my listening and speaking skills. After I graduate from University of Calgary, I want to try to get into Optometry school. Therefore, after Japan, I plan to come back to Calgary, study for the Optometry Admissions Test and volunteer at various places.
