

Name: Matthew Nguyen
Birthday: July 18th Age: 19
Major: Computer Science (2nd year)
Goal: BSC Honours in Computer Science,
Concentration in Software Engineering (4th year)
Minor: Japanese and Pure Mathematics
Completed: JPNS333

Interests: I really like to eat and I can eat anything to the point where I was 50 pounds heavier than I am now. I enjoy playing the piano, video games and a little bit of Tetris. I am a big fan of K-pop and also J-pop. I like to sometimes watch dramas, but I mostly watch animes, usually 10-12 different animes per season.

Goals in Japan: trying out as many different kinds of food as possible, visiting Japanese game centers (arcades), sightseeing and of course improving my Japanese.

Random facts:
I have a twin brother
I have gotten laser eye surgery.

This will be my first time going to Japan, the only other Asian country I have ever been to was Vietnam. I hope I can get to know everyone

better and that we will have a safe and enjoyable experience.
